Dear Sir.

This morning's mail brought me a letter from Geo. E. Evans informing me of a shipment of books to be put on sale at our exhibit. I replied that I could not do that until I received such orders from ~~him~~^{you} and referred him to you for reasons if you see fit to give him any.

I do not believe that we could do so any how as it is a purely private matter.

The same thing will hold in regard to Geo Soley's medals.

I have not written to Geo as I did not know just what to state, will you be kind enough to explain the situation to George. The ways & means

com. is watching the thing up very closely and is stopping everything that is not regularly granted a concession. The reserve

officers who accompanied the Liberty Bell from Phila had with them a lot of pretty little models of the bell which they started to sell, but they were immediately forbidden to continue the sale of them.

I would be very glad to

dispose of Solers medals for him
but do not know how to do
so as I have no time to attend
to it after I leave the fair grounds.

Every thing is in good shape
at the exhibit the coins all in
place and all work done except
the regular taking care of affairs.

I am writing at the exhibit
and around me is our little
Chicago family who join me
sincerely in sending kindest
regards to you and all.

We are all blessed with
good health and are enjoying
ourselves much since the weather
has been fine.

Very Respectly
